COLORES PREMIUM

Los recubrimientos Stonkote están disponibles en colores estándar (en stock), así como en una amplia gama de colores premium (fabricados a solicitud a un precio adicional). También formulamos colores personalizados con un plazo de entrega, requisitos de pedido adicionales y un cargo nominal. Los recubrimientos Stonkote aumentan la resistencia a la abrasión y a los productos químicos de su piso Stonhard, a la vez que facilitan la limpieza.

* Indica los colores que requieren dos capas de Stonkote. Silver Gray y Cool Shale no están disponibles en el sistema Stonclad UT. Las representaciones de color son tan precisas como la fotografía moderna y los métodos de impresión de calidad son capaces de producir.
